

Engineered Systems[®]

Vol. 14 No.7 July 1997

BNP Business News Publishing Company

FIVE DOLLARS

Puzzling Cleanrooms:

Trying To Put The Pieces Together

- Addressing (and achieving) design goals
- Why the shortage in hospitals?
- Q&A consensus: 'Specialty' guidance needed

Plus:

- Condensate control series
- TES philosophy, methodology
- Operating room design data
- Centralized facilities management
